Uptree Digital Classroom is an advanced teaching solution that transforms conventional classrooms into interactive, engaging, and technology-driven learning spaces. Built around Uptree Interactive Flat Panels and smart digital tools, it empowers teachers to deliver lessons in a more visual, interactive, and effective manner, making learning more impactful for students.

With features such as touch-based learning, multimedia content display, live annotations, and seamless connectivity with multiple devices, the digital classroom encourages active student participation and collaborative learning. Teachers can easily explain complex concepts using videos, images, presentations, and real-time annotations, while students remain focused, curious, and involved throughout the session.

Designed for schools, colleges, coaching institutes, and training centers, Uptree Digital Classroom supports modern teaching methods and creates a future-ready learning environment that blends technology with education.

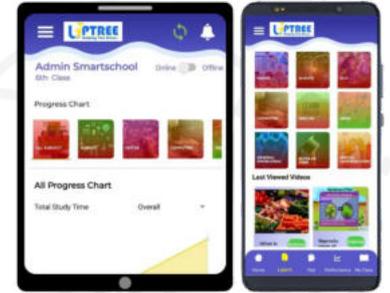

Components of the Uptree Digital Classroom Setup:

Uptree Interactive Flat Panel

Uptree OPS

Uptree K-12 Digital Content

Uptree PTZ 4K Camera

Uptree All-In-One PC

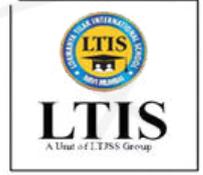

Uptree Sliding Board

Smarter Teaching, Better Learning

- **Smarter Lesson Preparation:** Plan lessons easily and share notes: import PDFs, documents, images, and screenshots for quick annotation.
- **Interactive Classroom Sessions:** Create engaging and immersive lessons that encourage active student participation.
- **Easy Classroom Management:** Access live classes and recordings, assign tests and homework, and track student performance with the Teachmint Classroom Platform.
