Uptree Interactive Flat Panel

The Uptree Interactive Flat Panel is a high-performance display solution designed for smart classrooms and professional environments. It features a 4K UHD screen with ultra-responsive multi-touch technology for smooth writing, annotation, and seamless collaboration. Built with durable toughened glass and a sleek metallic finish, it offers both reliability and a premium design. With front-facing speakers, multiple connectivity options, and wireless support, Uptree IFP ensures engaging and efficient presentations and learning experiences.

Now available with Android 13, 14, and 16 for faster performance, better security, and an enhanced smart panel experience.

KEY BENEFITS OF UPTREE IFP

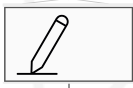

- 1. Smooth & Natural Writing:** Experience ultra-responsive, lag-free touch performance that delivers a precise and comfortable pen-on-paper feel.
- 2. Reliable & Low Maintenance:** Built with high-quality components to ensure consistent performance with minimal upkeep after installation.
- 3. Smart Connectivity:** Equipped with multiple connectivity options for seamless integration with laptops, USB devices, audio systems, and other classroom equipment.
- 4. High-Value Pricing:** Advanced features at competitive pricing, offering excellent returns and strong profit potential.
